Elenita Ibarra-Pratt Declaration

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF WEST VIRGINIA BLUEFIELD DIVISION

UNITED STATES OF AMERICA

Plaintiff,

v.

SOUL VAPOR, LLC, a corporation, and AURELIUS JEFFREY, an individual,

Defendants.

Civil No. 1:22-cv-00458

DECLARATION OF ELENITA IBARRA-PRATT

I, Elenita Ibarra-Pratt, declare as follows:

- 1. I am the Deputy Director for Regulatory Affairs in the Office of Compliance and Enforcement ("OCE"), Center for Tobacco Products ("CTP"), United States Food and Drug Administration ("FDA"), located at 10903 New Hampshire Avenue, Silver Spring, Maryland 20993. I have held this position since May 2022. I was the Director of OCE's Division of Promotion, Advertising, and Labeling ("DPAL") from February 2011 to May 2022, and I began my work at OCE in March 2010, as a Group Leader in DPAL.
- 2. I have a Bachelor of Science in Nursing from the University of Hawaii at Manoa, and I have a Master's in Public Health from San Diego State University.
- 3. OCE's responsibilities include, among other things, implementing and enforcing the Federal Food, Drug, and Cosmetic Act (the "Act"), as amended by the Family Smoking Prevention and Tobacco Control Act, and its implementing regulations. The Act and its regulations, among other things, impose requirements and restrictions on the sale,

¹ There is currently no Director for Regulatory Affairs in OCE, and, thus, Ms. Ibarra-Pratt is the highest ranking official in that Office.

manufacturing, and marketing of tobacco products. OCE is also responsible for monitoring retailer, manufacturer, importer, and distributor compliance with the Act and its implementing regulations and taking corrective action as appropriate; contracting with states and territories to conduct compliance check inspections of tobacco product retailers; coordinating with FDA's Office of Regulatory Affairs, Tobacco Operations Staff to conduct tobacco product manufacturer inspections; initiating administrative enforcement actions for documented violations of the law; coordinating compliance and judicial enforcement activities relating to tobacco products; and conducting compliance reviews of tobacco product document submissions.

- 4. As OCE's Deputy Director for Regulatory Affairs, my responsibilities include leading and managing inspections and investigations of tobacco product manufacturers (including, *e.g.*, vape shops), distributors, and importers; reviewing inspectional reports for determining compliance with the Act and applicable regulations; conducting pre-market and post-market compliance reviews and reviews of other regulatory submissions; and supporting regulatory and enforcement actions relating to tobacco products.
- 5. In my official capacity, I have gained personal knowledge about the Act and its implementing regulations governing tobacco products and CTP's tobacco products enforcement program, including how CTP investigates violations of the laws regarding tobacco products and initiates enforcement actions. I also have personal knowledge regarding CTP's premarket authorization requirements under section 910 of the Act (21 U.S.C. § 387j) for new tobacco products, and CTP's domestic establishment registration requirements under section 905(b) of the Act (21 U.S.C. § 387e(b)). I am familiar with the information processing, filing, and other recordkeeping duties performed by FDA employees relating to tobacco products, and I have access to the agency databases containing information on the registration of domestic

Case 1:22-cv-00458

establishments, the listing of tobacco products, tobacco compliance and enforcement actions, and

tobacco product marketing applications.

- 6. The records discussed below regarding FDA's compliance actions and conversations with Defendants regarding their tobacco products operations are information that FDA collects as part of its regularly conducted business activity. For compliance and enforcement actions, it is FDA's regular practice to upload and store such records in an FDA internal database, known as the Compliance Management System ("CMS"), which is in the Office of Regulatory Affairs' custody and control and allows users to develop a compliance or enforcement action and store supporting evidence in an electronic format within a centralized module. The information is then retained and accessible to all FDA organizational units involved in the action. The records discussed herein were collected as part of FDA's regularly conducted business activities and, consistent with FDA's regular practice, have been uploaded to, and stored in, CMS.
 - 7. The agency databases with which I am familiar and have access to include:
- a. Inventory Tracking Recording and Control ("iTRAC"), a portal that houses all firm submissions;
- b. Image, a central repository that contains tobacco product submissions (including premarket tobacco product applications ("PMTAs")), correspondence, and FDA's reviews relating to such submissions;
- c. Tobacco Registration & Product Listing Module Next Generation

 ("TRLM-NG"), a system through which persons engaged in the manufacture, preparation,

 compounding, or processing of tobacco products are required to register domestic establishments

 and list products; and

- d. Office of Science Information Regulatory Information System ("OSiRIS"), a database that houses information on regulatory submissions made to CTP under the substantial equivalence ("SE") pathway for new tobacco products, including reports submitted under 21 U.S.C. § 387e(j) for new tobacco products ("SE reports"); information on regulatory submissions made to CTP under the SE exemption pathway for new tobacco products, including exemption requests submitted under 21 C.F.R. § 1107.1 ("exemption requests") and abbreviated reports submitted under 21 U.S.C. § 387e(j)(1) ("abbreviated report") for new tobacco products; and orders issued by FDA under the SE and SE exemption pathways.
- 8. The statements in this declaration are based upon my experience, personal knowledge, and official FDA business records relating to Defendants. The exhibits attached to this declaration are all true and accurate copies of official FDA records that are accessible to me or are in my custody or control in my official capacity. FDA makes and retains these business records in the ordinary course of its regulatory duties.

Regulatory Background

- 9. The Act defines "tobacco product" as "any product made or derived from tobacco, or containing nicotine from any source, that is intended for human consumption, including any component, part, or accessory of a tobacco product." 21 U.S.C. § 321(rr).
- 10. Electronic nicotine delivery systems ("ENDS") products, which "include devices, components, and/or parts that deliver aerosolized e-liquid when inhaled," are "tobacco products" under the Act. FDA, *Guidance for Industry: Enforcement Priorities for Electronic Nicotine Delivery Systems (ENDS) and Other Deemed Products on the Market Without Premarket Authorization (Revised)** (Apr. 2020), 9, https://perma.cc/WN8P-EHU6. E-liquids "are a type of

ENDS product and generally refer to liquid nicotine and nicotine-containing e-liquids (*i.e.*, liquid nicotine combined with colorings, flavorings, and/or other ingredients)." *Id.* at 10.

- 11. The Act defines "new tobacco product" to include "any tobacco product . . . that was not commercially marketed in the United States as of February 15, 2007." 21 U.S.C. § 387j(a)(1).
- 12. All new tobacco products must have FDA authorization prior to their marketing. See 21 U.S.C. § 387j(a)(2)(A). A new tobacco product may receive FDA marketing authorization through one of three pathways: (1) the PMTA pathway under 21 U.S.C. § 387j, through which FDA reviews a PMTA and issues an order permitting marketing of the new tobacco product ("MGO") under 21 U.S.C. § 387j(c)(1)(A)(i) upon a finding that the product is appropriate for the protection of the public health; (2) the SE pathway under 21 U.S.C. § 387j(a)(2)(A)(i), through which FDA reviews an SE report for the product and issues an order determining, among other things, that it is substantially equivalent to a tobacco product commercially marketed in the U.S. as of February 15, 2007, or a tobacco product marketed after that date, but which FDA previously determined to be substantially equivalent ("SE order"); or (3) the SE exemption pathway under 21 U.S.C. § 387j(a)(2)(A)(ii), through which FDA reviews an exemption request and an abbreviated report for the product, and issues a "found-exempt" order pursuant to 21 U.S.C. § 387e(j)(3)(A).
- 13. Any person who owns or operates a domestic establishment—i.e., any establishment in any State engaged in the manufacture, preparation, compounding, or processing of a tobacco product—must annually register with FDA the name, place of business, and all such establishments of that person. 21 U.S.C. § 387e(b). Additionally, every person who registers with FDA must, at the time of registration, file a list of all tobacco products manufactured,

prepared, compounded, or processed by that person for commercial distribution, and biannually update such list thereafter. 21 U.S.C. § 387e(i).

Defendants' Lack of Marketing Authorization

- 14. In the course of my official duties and as a result of my review of the official records, I am familiar with the ENDS products manufactured, prepared, compounded, or processed by Defendants ("Defendants' ENDS products"), and CTP's activities related to Defendants.
- 15. Soul Vapor, LLC ("Soul Vapor") is a West Virginia Limited Liability

 Corporation. A true and accurate copy of the West Virginia Secretary of State Online Data

 Services, Business and Licensing for Soul Vapor is attached as Exhibit ("Ex.") 1.
- 16. Soul Vapor has over 2,100 ENDS products listed with FDA, including Soul Vapor Honey Pot and Soul Vapor Peach Rings. A true and accurate copy of Soul Vapor's products listed with FDA in TRLM-NG is attached as Ex. 2.
- 17. FDA maintains on its website a public database of tobacco products that FDA has determined were commercially marketed in the United States as of February 15, 2007, and therefore are "pre-existing" tobacco products. *See* FDA, Standalone Pre-Existing

 Determinations, https://perma.cc/VT9M-ZGZR. This database does not include any Pre-Existing

 Determinations issued to Soul Vapor or Aurelius Jeffrey. To date, FDA has not made any Pre-Existing Determinations, or issued an SE order or a "found-exempt" order for any ENDS product.
- 18. Defendants' ENDS products are new tobacco products. OCE searched all internal databases containing relevant information to determine whether Soul Vapor or Aurelius Jeffrey has marketing authorization for any of Defendants' ENDS products. Each database is unique in

how information is stored and retrieved, and industry, from time-to-time, inadvertently submits documents to the wrong system. OCE checks all systems to ensure that no submission is missed.

- 19. For Defendants, OCE searched OSiRIS, TRLM-NG, iTRAC, and Image, for keywords that included: "Soul Vapor, LLC"; "Mr. Aurelius Jeffrey"; "Soul Vapor Honey Pot"; and "Soul Vapor Peach Rings." The results were:
 - OSiRIS had no information about Defendants; a.
- TRLM-NG provided Soul Vapor's product list, and Soul Vapor Honey Pot b. and Soul Vapor Peach Rings were included in the product list;
- iTRAC returned two letters and an ingredient listing that included Soul c. Vapor Honey Pot and Soul Vapor Peach Rings,² but no PMTAs or other relevant submissions; and
- d. Image returned the same two letters and ingredient listing as iTRAC, but no PMTAs or other relevant submissions.
- Defendants have not submitted marketing applications for any of Defendants' 20. ENDS products, and Defendants have not received any found-exempt orders, SE orders, or MGOs from FDA for any of Defendants' ENDS products.

Defendants' Materially False Domestic Establishment Registration

21. In the course of my official duties and as a result of my review of the official records, I am likewise familiar with Defendants' registration history for their domestic establishments, and CTP's activities related to such registration history.

7

² Under the Act, each tobacco product manufacturer must submit to FDA an "ingredient listing"—i.e., "a listing of all ingredients, including tobacco, substances, compounds, and additives that are, as of such date, added by the manufacturer to the tobacco, paper, filter, or other part of each tobacco product, by brand and by quantity in each brand and subbrand." 21 U.S.C. § 387d(a)(1).

- 22. On September 20, 2018, Defendants registered Soul Vapor as an owner or operator of a single domestic establishment, located at "604 Thorn Street FRNT, Princeton, WV 24740, US," in FDA's TRLM-NG. A true and accurate copy of the registration profile for Soul Vapor in the TRLM-NG browser, is attached as Ex. 3.
- 23. On September 20, 2021, Defendants submitted an annual registration to FDA. In that registration, Defendants changed the activity status for Soul Vapor's single domestic establishment, located at 604 Thorn Street FRNT, Princeton, WV 24740, US, from "active" to "inactive," and reported, as a reason, that the establishment was "[o]ut of business." A true and accurate copy of the registration change log in the TRLM-NG browser, is attached as Ex. 4.
- 24. Between March 23 and 25, 2022, FDA inspected Soul Vapor's single domestic establishment, located at 604 Thorn Street FRNT, Princeton, WV 24740, US. During the inspection, FDA investigators observed that, contrary to Defendants' September 20, 2021 annual registration, the establishment was "active"—not "inactive" and "out of business"—as Defendants were engaged in the manufacture of tobacco products at such location.

Inspectional History and Prior Warnings

- 25. OCE monitors tobacco product retailer, manufacturer, importer, and distributor compliance with the Act and its implementing regulations and takes corrective action as appropriate. Actions that OCE may take include sending a Warning Letter to a firm that is found to be non-compliant or recommending an enforcement action, such as injunction, civil money penalty, or criminal prosecution.
- 26. On March 21, 2021, OCE conducted a review of Soul Vapor's website. OCE observed that the website represented that Soul Vapor manufactures ENDS products, including Soul Vapor Honey Pot and Soul Vapor Peach Rings, and offers them for sale or distribution to

Case 1:22-cv-00458

Document 11-1

Page 10 of 64 PageID #: 80

consumers in the United States. OCE also documented that the Soul Vapor website is registered to Defendants, and that FDA has not issued any marketing authorization orders for Soul Vapor Honey Pot or Soul Vapor Peach Rings. A true and correct copy of screenshots from Soul Vapor's website (Exs. 5–7) and registration for the Soul Vapor website (Ex. 8) are attached as Exs. 5 through 8

- 27. OCE reviewed the results of the March 21, 2021 website review, and on May 21, 2021, sent Defendants a Warning Letter. The Warning Letter stated that FDA had determined that they "manufacture and offer for sale or distribution to customers in the United States eliquid products without a marketing authorization order including Soul Vapor Honey Pot and Soul Vapor Peach Rings." The Warning Letter further stated: "Your firm is a registered manufacturer with over 2,100 products listed with FDA. It is your responsibility to ensure that your tobacco products . . . comply with each applicable provision of the [] Act and FDA's implementing regulations. Failure to address any violations of the [] Act . . . relating to tobacco products including the tobacco regulations . . . may lead to regulatory action, including, but not limited to . . . injunction." The Warning Letter further explained: "The violations discussed in this letter do not necessarily constitute an exhaustive list. You should address any violations that are referenced above, as well as violations that are the same as or similar to those stated above, and promptly take any necessary actions to bring your tobacco products into compliance with the Act." A true and accurate copy of the Warning Letter is attached to this declaration as Ex. 9.
- 28. OCE held a teleconference with Aurelius Jeffrey on June 8, 2021, to answer any questions regarding the violations cited in the Warning Letter. Later that same day, OCE received an email response to the Warning Letter from Mr. Jeffrey. In the email, Mr. Jeffrey stated he would have "the product removed from our shelves and put in it [sic] our stock room by

the end of the week," "work on filing [PMTAs for] our products with the FDA as soon as possible," and "contact [FDA] if I have any questions." A true and accurate copy of Mr. Jeffrey's email is attached to this declaration as Ex. 10.

- 29. OCE held another teleconference with Aurelius Jeffrey on July 20, 2021, after observing that Soul Vapor's website still offered for sale or distribution ENDS products that lacked FDA marketing authorization. Later that same day, OCE received an email from Mr. Jeffrey, wherein he stated that "ejuice is no longer being manufactured as [sic] is no longer available for purchase" and that Defendants had "resolved the concerns [FDA] . . . referenced in both the warning letter and the teleconferences." A true and accurate copy of Mr. Jeffrey's email is attached to this declaration as Ex. 11.
- 30. As noted above, between March 23 and 25, 2022, FDA conducted an inspection at Soul Vapor's single domestic establishment, located at 604 Thorn Street FRNT, Princeton, WV 24740, US. During that inspection, FDA observed that Defendants had not taken the aforementioned corrective actions promised by Mr. Jeffrey in his June 8, 2021 and July 20, 2021 emails. Specifically, FDA observed that Defendants continued to manufacture ENDS products, including finished e-liquids under the Soul Vapor brand, that lacked required FDA authorization, and offer them for sale on the retail shelves of Defendants' establishment.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true

and correct.

CENTER FOR TOBACCO PRODUCTS

VIA UPS and Electronic Mail

Soul Vapor Attn: Aurelius Jeffrey 604 Thorn St. Princeton, WV 24740 soulvaporeiuice@amail.com aureliusjeffrey@yahoo.com

WARNING LETTER

Dear Aurelius Jeffery:

The Center for Tobacco Products of the U.S. Food and Drug Administration (FDA) recently reviewed the website https://www.soulvaporejuice.com and determined that the e-liquid products listed there are manufactured and offered for sale or distribution to customers in the United States.

Under section 201(rr) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) (21 U.S.C. § 321(rr)), these products are tobacco products because they are made or derived from tobacco and intended for human consumption. Certain tobacco products, including e-liquids, are subject to FDA jurisdiction under section 901(b) of the FD&C Act (21 U.S.C. § 387a(b)) and 21 C.F.R. § 1100.1. Therefore, e-liquids are required to be in compliance with the requirements in the FD&C Act.

Please be aware that, effective August 8, 2016, FDA deemed additional products meeting the definition of a tobacco product, except accessories to these newly deemed products, to be subject to regulation under the FD&C Act. These products include, but are not limited to, ENDS (including e-cigarettes and e-liquids), cigars, and pipe tobacco. See Final Rule, Deeming Tobacco Products To Be Subject to the Federal Food, Drug, and Cosmetic Act, as Amended by the Family Smoking Prevention and Tobacco Control Act; Restrictions on the Sale and Distribution of Tobacco Products and Required Warning Statements for Tobacco Products, 81 Fed. Reg. 28,974 (May 10, 2016), available at https://federalregister.gov/a/2016-10685.

Generally, to be legally marketed in the United States, the FD&C Act requires "new tobacco products" to have a premarket authorization order in effect. A "new tobacco product" is any tobacco product that was not commercially marketed in the United States as of February 15, 2007, or any modified tobacco product that was commercially marketed after February 15, 2007 (section 910(a) of the FD&C Act; 21 U.S.C. § 387j(a)). Generally, a marketing authorization order under section 910(c)(1)(A)(i) of the FD&C Act (21 U.S.C. § 387j(c)(1)(A)(i)) is required for a new tobacco product unless (1) the manufacturer of the product submitted a report under section 905(j) of the FD&C Act (21 U.S.C. § 387e(j)) and FDA issues an order finding the product substantially equivalent to a predicate tobacco product (section 910(a)(2)(A) of the FD&C Act) or (2) the manufacturer submitted a report under section 905(j)(1)(A)(ii) of the FD&C Act (21 U.S.C. § 387e(j)(1)(A)(ii)) and all modifications are covered by exemptions from the requirements of substantial equivalence granted by FDA under section 905(j)(3) of the FD&C Act (21 U.S.C. § 387e(j)(3)).

Page 2 – Soul Vapor, https://www.soulvaporejuice.com

New Tobacco Products Without Required Marketing Authorization are Adulterated and Misbranded

Our review of https://www.soulvaporejuice.com revealed that you manufacture and offer for sale or distribution to customers in the United States e-liquid products without a marketing authorization order including: Soul Vapor Honey Pot and Soul Vapor Peach Rings.

The e-liquid listed above are new tobacco products because they were not commercially marketed in the United States as of February 15, 2007. These products do not have an FDA marketing authorization order in effect under section 910(c)(1)(A)(i) of the FD&C Act and are not otherwise exempt from the marketing authorization requirement. Therefore, these products are adulterated under section 902(6)(A) of the FD&C Act. In addition, these products are misbranded under section 903(a)(6) of the FD&C Act because a notice or other information respecting these products was not provided as required by section 905(j) of the FD&C Act

Conclusion and Requested Actions

Your firm is a registered manufacturer with over 2,100 products listed with FDA. It is your responsibility to ensure that your tobacco products and all related labeling and/or advertising on this website, on any other websites (including e-commerce, social networking, or search engine websites), in any other media in which you advertise, and in any retail establishments comply with each applicable provision of the FD&C Act and FDA's implementing regulations. Failure to address any violations of the FD&C Act, 21 U.S.C. § 301 et seq., Chapter IX, relating to tobacco products including the tobacco regulations in 21 C.F.R. Parts 1140, 1141, and 1143, may lead to regulatory action, including, but not limited to, civil money penalties, seizure, and/or injunction. However, this Warning Letter does not constitute "written notice" for purposes of section 303(f)(9)(B)(i)(II) of the FD&C Act. Please note that tobacco products offered for import into the United States that appear to be adulterated or misbranded may be detained or refused admission.

The violations discussed in this letter do not necessarily constitute an exhaustive list. You should address any violations that are referenced above, as well as violations that are the same as or similar to those stated above, and promptly take any necessary actions to bring your tobacco products into compliance with the FD&C Act.

Please submit a written response to this letter within 15 working days from the date of receipt describing your actions to address any violations and bring your products into compliance, including the dates on which you discontinued the violative labeling, advertising, sale, and/or distribution of these tobacco products and your plan for maintaining compliance with the FD&C Act. If you believe that your products are not in violation of the FD&C Act, include your reasoning and any supporting information for our consideration. This letter notifies you of our findings and provides you with an opportunity to address them. You can find the FD&C Act through links on FDA's homepage at http://www.fda.gov.

Please note your reference number, RW2101604, in your response and direct your response via email at CTPCompliance@fda.hhs.gov and to the following address:

Hello.

I am writing you in regards to a warning letter we received on May 21st for our company Soul Vapor. I just spoke with your office today regarding the letter and am writing to let you know what our plan of action is. I will have our team work on having the payment gateway removed from our website, soulvaporejuice.com, by the end of the week. As for the product in our vape shop, I will have the product removed from our shelves and put in it our stock room by the end of the week as well. Now that I have some clarification on the PMTA process itself I will work on filing our products with the FDA as soon as possible. I will read up on the FDA website and contact you if I have any questions. Thank you for your time during the conference call.

Sincerely, Aurelius Jeffrey Owner, Soul Vapor (304)320-6019 soulvaporejuice@gmail.com
